Office

Structure

- **Point One:** Conceptual briefing: what is the SPF and what is it not...
- **Point Two:** Country activities - Getting real...
- **Point Three:** What has been done and what needs to be done...

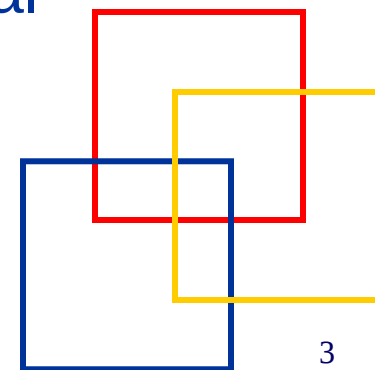

International
Labour
Office

The Rationale of the UN Social Protection Floor Initiative

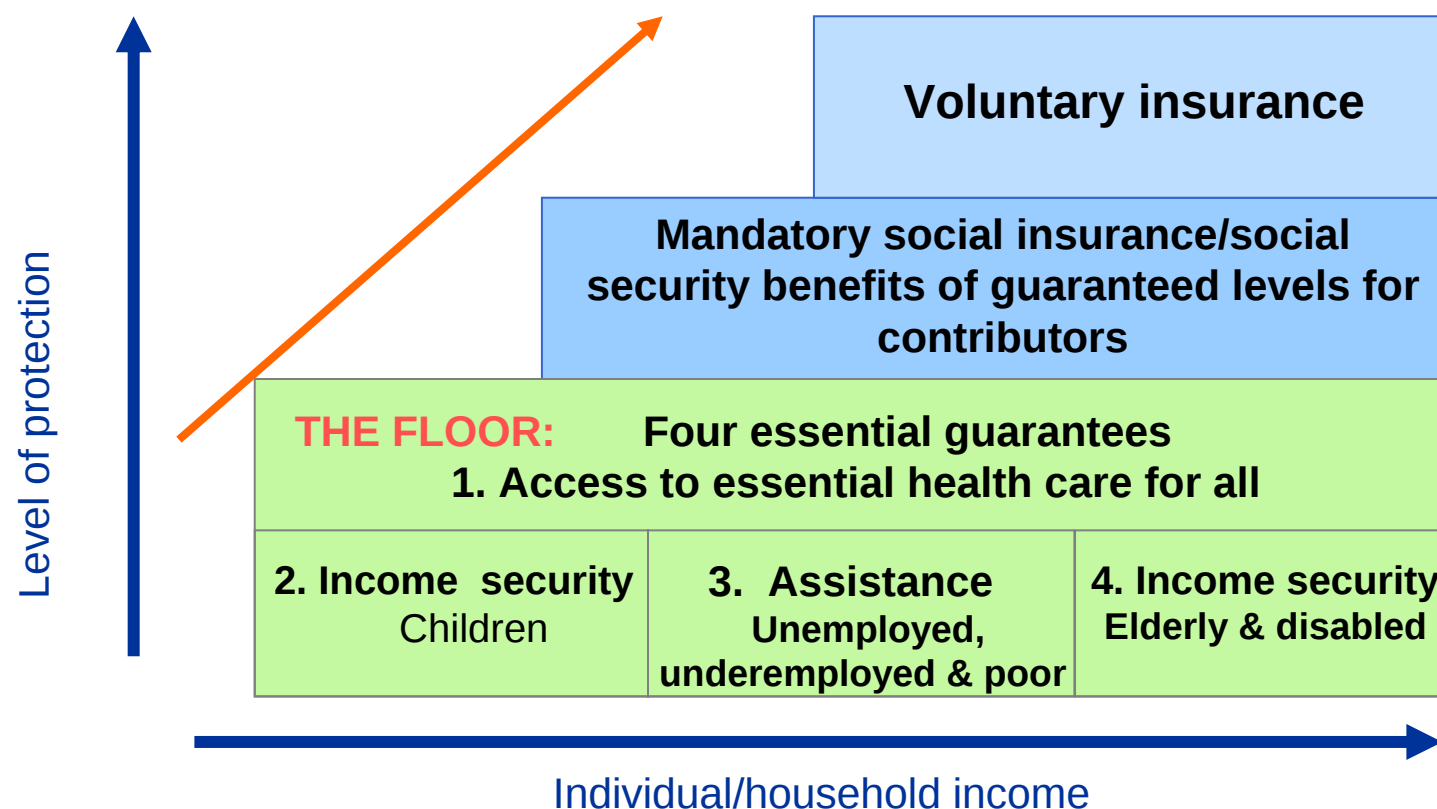

- With an investment of about 4% of GDP for basic social transfers, we can reduce the “food poverty” rate in low income countries by about 40%, a major contribution to achieve the MDG targets ...
- With an investment in essential health care for all, we can probably reduce “food poverty rates” by another 20% ...
- If and ONLY if national governments, national stakeholders, the UN, major donors, and NGOs act together, this potential can be exploited ...

International
Labour
Office

The Social Protection Floor* in the overall national Social Protection Architecture

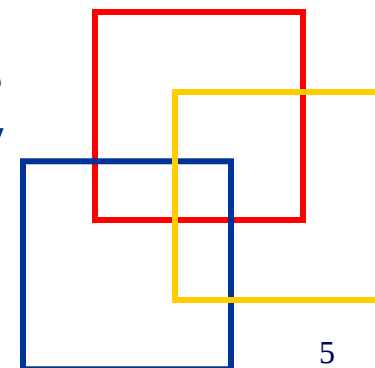

*Focus on financial protection, not services components of the floor

International
Labour
Office

The social protection floor that consists of four essential social security guarantees:

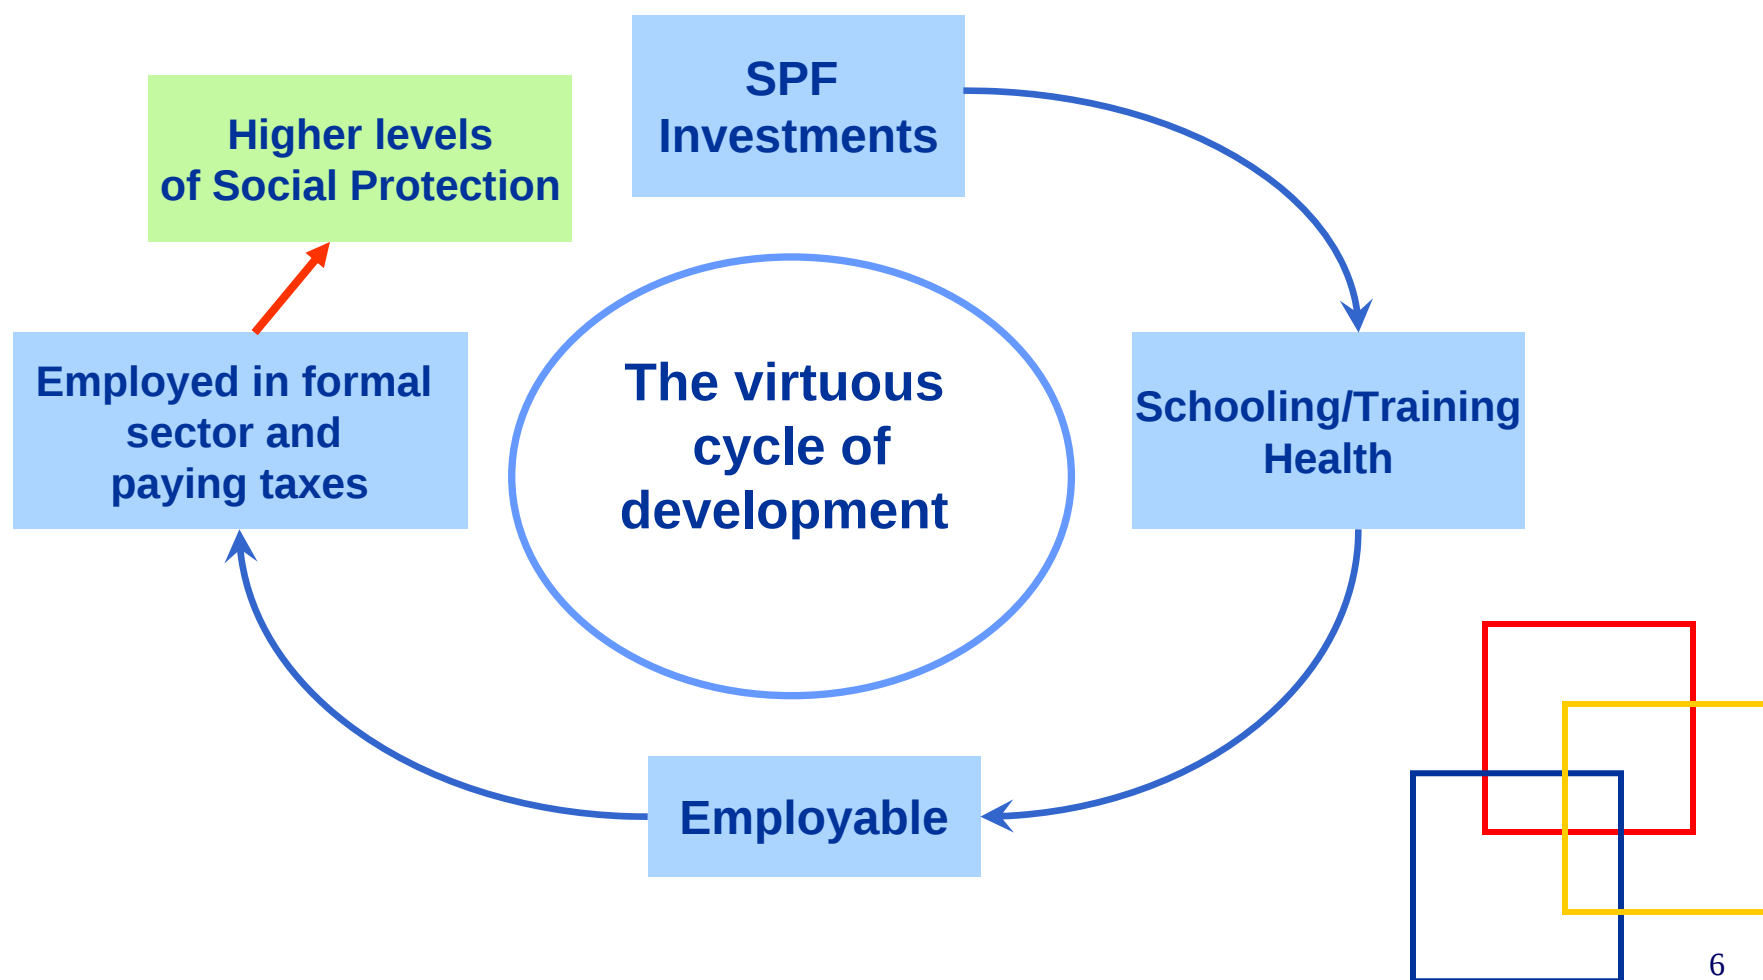

- all residents have access to a nationally defined set of essential health care services;
- all children have income security, at least at the level of the nationally defined poverty line level, through transfers in cash or kind aiming at facilitating access to essential goods and services, such as nutrition, education and care;
- all those in active age groups who are unable to earn sufficient income on the labour markets should enjoy a minimum income security through social assistance transfers aiming to achieve access of essential goods and services ...
- all residents in old age and with disabilities have income security at least at the level of the nationally defined poverty line through pensions/transfers in kind that guarantee access to essential goods and services

The underlying development policy paradigm:
“Growing with equity” ...that could look as follows...

International

Office

Safety Nets and Social Protection Floors – what is the difference?

Criteria	Safety Nets	Social Protection Floor
Overall Objective	Poverty reduction/ Support of government policies that support efficiency and growth	Reducing poverty , inequality and vulnerability by giving effect to the Human Right to Social Security
Type of interventions	Targeted set of non-contributory transfers, depending on government priorities	Universal entitlement to protection through a comprehensive defined basic package of services and transfers for all in need
Benefit levels	Minimum consistent with adequacy, defined as “meaningful benefits”	National poverty lines
Role	SNs as transitory response measures/ short term (crisis, reforms)	Rights-based, systemic “insurance” against poverty for all residents

Two: SPF – ... at country level

Overview of key activities in the implementing process of the SPF-initiative

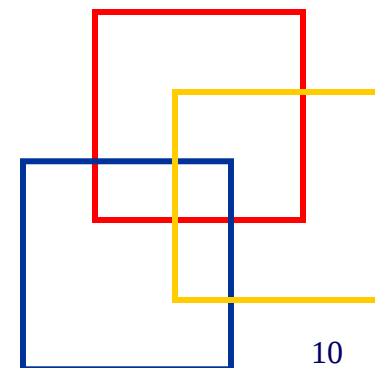

Raising awareness	• Identify key stakeholders and relevant actors at the national and international level
National SPF Task force	• Establish a national SPF task force composed of key experts and decision-makers and supported by UN SPF country teams
Social protection stocktaking	• Map the actual social protection situation and compile necessary data
Elaboration of measures	• Elaborate country-specific SPF policies through national dialogue
Analysis	• Evaluate the cost and benefits (impacts) of policy options • Evaluate the long-term financial and fiscal sustainability • Reconsider measures in light of costing
Implementation	• Build national consensus on a specific SPF framework • Build up national delivery capacities • Support – if necessary – on a temporary basis - the national budget available for sustainable financing
Monitoring	• Implement a monitoring, evaluation and reporting mechanism

Pragmatic principles for country operations

- Country ownership, SPF response only on request
- Operating through
 - UN social protection sector groups, interministerial working groups etc.
 - Joint UN social protection floor task force, Co-ordinated by UN Country Director/UN Resident Co-ordinator
- Technical leadership by one or more agencies depending on country presence and nature of the request
- Open invitation to all participating agencies and development partners to co-operate
- Building on what already exists (taking into account structures and benefits already in place for the formal and informal sector)

Developments at country level by SPF activity

	Raising awareness	National SPF Task force	Social protection stocktaking	Elaboration of measures	Analysis	Implementation	Monitoring
Burkina							
Bénin							
Togo							
Sénégal							
Rwanda							
Cameroun							
Mozambique							
Ghana							
Zambia							
Haiti							
Thailand							
Cambodia							
Viet Nam							
Indonesia							
Lao PDR							
Argentina							

The heatmap displays the progress of SPF activities across 16 countries. The activities are: Raising awareness, National SPF Task force, Social protection stocktaking, Elaboration of measures, Analysis, Implementation, and Monitoring. The progress is indicated by the color of the cells: dark brown for completed, orange for in progress, and light gray for not started. A blue arrow points from the top right towards the bottom left, indicating a trend or direction of progress.

What else has been done so far? 10 Things...

- One: Joint **manual** for country operations established
- Two: Global Interagency Network constituted
- Three: **Advocacy** at global, regional, national levels => e.g. Global Jobs Pact, UNCSocD Resolution 2010, UN Millennium Summit, G8, G20, Yaounde Tripartite Declaration
- Four: Methodology for rapid **SPF assessments** is being applied in Cambodia, Burkina, Mozambique, Nepal, Togo, Vietnam...
- Five: South-South exchange on SPF success stories

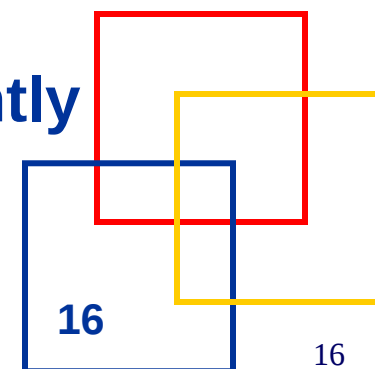

International
Labour
Office

Continued: What has been done so far?

- Six: Joint UNICEF- ILO rapid **costing tool** finalised and training on its use is commencing
- Seven: **Training** programme for national planners at ITC is operational,
- Eight: **High-level Advisory Group** established under chair-personship of Ms. Michelle Bachelet
- Nine : Analytical work on **impact** and, jointly with the IMF, on **fiscal space**
- Ten: Input for **G20** on the SPF

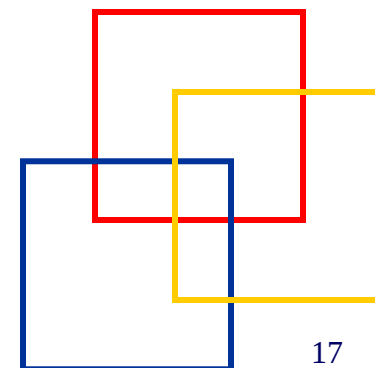

International
Labour
Office

What next in the coming months

- *... in the next 12 months*
 - Consolidation of the SPF concept as development paradigm through the Bachelet report,
 - Build on UN system mechanisms, GA, ECOSOC, UNDG (MDG acceleration frame, human rights mechanisms) , **the International Labour Conference**
 - Support the **G20 process (France)**, and the SPF Advisory group report
 - SOUTH SOUTH learning dialogue to intensify
 - Country projects to be continued / undertaken, i.e. UNDAFs
- *and beyond...*
 - Concept to be anchored in official institutional strategies of the UN organizations,
 - Major campaign to defend minimum **national social floor budgets** in a globalised economy ,
 - **Promotion of a UN instrument?**
 - **Making UN delivery of TC more effective ?**
 - **Creating a new funding mechanism ?**
